

Agusta Westland 109s Grand

The Agusta Westland 109s Grand is the premium, latest-generation light twin helicopter, enhanced with the latest global navigation satellite system for all weather operations.

This VIP aircraft features an air-conditioned interior with leather seats, spacious cabin, high strength airframe and crash-resistant systems for passenger comfort and safety.

SPECIFICATIONS

- Single pilot IFR.
- Engines: 2x Pratt and Whitney PW207D.
- 7 Passenger seats.
- Air conditioning.
- Cruise speed: 155kts (290 km/hr).
- Excellent luggage space.
- Leather interior.
- Bose noise cancelling headsets.

This helicopter can be flown by navigational reference to instruments and radio or satellite aids, a system known as **Instrument Flight Rules or IFR**. Pilots must be specially trained, endorsed and regularly checked for application of these skills.

Heletranz is the only NZ operator offering the IFR option to clients allowing them to relax in the knowledge their flight can continue in poor weather or at night and that it will be a pleasant experience.
